To Prime Minister Matteo Renzi

Rome

ITALIEN

December 29th 2015

Dear Mr. Renzi,

you are complaining about the dominance of Germany in the EU. You are right! We don't need a leader in Europe, certainly not a German one.

Please don't follow Merkel. She has got crazy. Remember my letter of October 17.

I would like to keep our beautiful Germany, our beautiful Italy and all our beautiful European countries and cultures.

We don't need masses of people from countries which are 500 years back in development. We had the same religious wars in Europe, but this was 500 years ago.

Why do all the thousands of young men come to Germany? Because they are too lazy to fight against Assad and for freedom of their country. Why don't we feed these people down there? This would cost less than 20 % of the costs to feed them here in Europe.

Germany has got a hegemon, says professor Oliver Schmitt, a Swiss, teaching in Vienna.

Best regards

Hans Haußmann
